

FARWEST DISPLAY BOOTH DIMENSIONS

DIAGRAM 1 - SINGLE UNIT

BOOTH DESIGN

In order to ensure a positive experience for all exhibitors, there are specific limitations regarding the set up of your booth. So that you do not block your neighbor, the following rules will be enforced:

Each single booth is 10'x10', and includes an 8-foot high backdrop 3-foot high side curtains that separate you from your neighbor. Within this space your restrictions are:

**From the aisle, the first 2-feet of your booth space is limited to 4-feet in height for solid display material.*

**If you are building a custom exhibit rack, please note that the side curtains take up 3-inches on each side, and that your building width should not exceed 9'6". Otherwise it may not fit in your booth space.*
